WCUSC RecPlus Coaches Only**

**About the WCUSC RecPlus Program:**

In 2006 West Chester United Soccer Club (WCUSC) created its RecPlus program. The club plans to continue to expand the program. The goal of the RecPlus program is to provide additional opportunities for players that excel within WCUSC recreation league. It will provide opportunities beyond the recreation league including further development of individual and team skills that can make the transition to competitive soccer easier. RecPlus players are required to register for WCUSC recreation league. Participants may be required to travel for games, and to regularly attend RecPlus specific practices in addition to WCUSC recreational team practices.
