

Special Olympics

January 30, 2008

Mr. Damon Nolan
Executive Director
West Chester United Soccer Club
P.O. Box 5
Westtown, PA 19395

Dear Damon:

I am writing to you today for two reasons. First and foremost, it has come to my attention that Special Olympics of Chester County has not thanked your club for the many years of support you have given our organization and specifically our soccer program. In my capacity as County Manager over the past three years, I have been witness to the benefits that WCUSC has provided the Special Olympics. Once again, thank you.

As you are well aware, the makeup of our soccer teams is unique. Many of our players work during the day leaving only the evening hours to play and practice. The willingness of your coaches and teams to share their practice field is the reason why this team has been one of our mainstays of our soccer program.

Secondly, I recently became aware that your club is considering installing an artificial turf field on the current Ciccarone Field. Having artificial turf will expand the use of the field and it will undoubtedly be an incredible addition to your club and therefore will benefit all of your players and ours. Special Olympics applaud and support your efforts.

Again, thank you for your continued support. I can only hope that we can continue our relationship in the future. This field is an extremely important part of Special Olympic soccer.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Neil H. Davis'.

Neil H. Davis
County Manager
